

PROFILE

I'm a highly-motivated web designer. Eager to assist webwrap in building the best websites for small business clients and delivering unforgettable customer experience. Designed 10+ wordpress based websites for friends and family. 2-month experience as an intern at a web design. Cooperated closely with the marketing team to develop concepts on mockup on 12+ projects. Participated in weekly client meeting to discuss solutions and update projects status. Work independently as a part of 3 cross functional teams on conceptualizing website design and optimization.
